DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Mr. Leonard Diana (29296) on August 31, 2005.

3. The application has been amended as follows:

Claims 9-12 replace "A storage medium" with --A computer readable storage medium--.

Priority

4. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Allowable Subject Matter

5. Claims 1-12 are allowed.

6. The following is an examiner's statement of reasons for allowance: claims 1-12 are allowed over the prior art of record because the Examiner found neither prior art cited in its entirety, nor based on the prior art, found any motivation to combine any of said prior art which teaches

7. wherein when the remaining amount of said accumulating means is greater than the predetermined amount, the recording paper is directed to said recording paper reverse-rotating mechanism after the image is read out from said accumulating means and the one side of the

recording paper is recorded, and one side of another recording paper is recorded until the aforementioned recording paper is picked up and recorded in order to record the other side of the aforementioned recording paper in addition to the other features recited therein.

8. Maekawa (5,889,594) discloses a both-side recording apparatus and determination is made whether the number of prints is equal to or larger than a predetermined number. Maekawa fails to specifically address the invention as claimed.

9. Shibaki et al. (6,052,201) disclose an image forming apparatus capable of single-side printing and double-side printing and a copy counter, which determines whether an odd number or even number exists. Shibaki et al. fail to specifically address the invention as claimed.

10. Yamada (5,241,397) discloses an image forming apparatus where the order of duplex printing is determined by memory storage capacity. Yamada fails to specifically address the invention as claimed.

11. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
